

The Roslyn Bulldogs Booster Association is a nonprofit, volunteer parent organization that promotes school spirit and works to facilitate the offering of quality athletics at all levels throughout our school district.

We strive to ensure that the best athletic and physical education programs and facilities are available to all students, in an effort to enhance pride in our community and the students' athletic experience.

This year we will continue to work with the Athletic Director and community members to continue to provide gifts to the district that improve our facilities and promote both good sportsmanship, camaraderie, and the self-worth of each and every student.

We work closely in conjunction with the administration and athletic department on various projects to continue growth and success of the Roslyn Athletic Program.
