Varsity Athletic Vacation Policy

The Roslyn Public Schools interscholastic athletics is an extension of the classroom where meaningful lessons take place every day. Commitment, teamwork and striving for excellence are integral parts of that learning process. At the same time, there is an acknowledgment that a balance must be struck between the responsibility to the varsity team and family vacation time that is precious to the community.

The Roslyn administration will give a minimum of three family vacation days during the December, February and spring vacation period where no practices and/or games will take place. Student athletes must be present for all practices or games effective immediately after the family vacation period ends. Failure to do so will result in strict consequences (see Regulation).

Regulation APPLIES TO VARSITY ATHLETES ONLY:

Varsity Pilot Program Effective November 18, 2024

Beginning with the 2024-2025 winter athletic season, the vacation attendance regulations for varsity sports teams will align with the regular season attendance policies. This change is a one school year pilot program that will be implemented for the winter and spring athletic seasons. However, this change will be reevaluated after each athletic season is complete.

The regular/vacation attendance regulations are as follows:

- For every **contest** missed, the athlete will be "benched" for one contest at the coach's discretion.
- For every **two practices** missed, the athlete will be "benched" for one contest at the coach's discretion.

Consistent attendance is crucial not only for both team's success and the individual development of each student-athlete. The vacation calendar outlining our no-play dates will remain unchanged. If practices or contests are scheduled on a no-play date, student-athletes will not be penalized for their absence.

Attendance and conditioning levels will significantly influence each athlete's playing time. We encourage athletes to continue exercising and training during no-play dates.

Varsity Attendance Outside of the Vacation Period

Attendance for varsity athletes outside of the vacation periods are the same as the JV policy.

Junior Varsity Attendance for Athletes

Junior varsity athletes will follow the same penalty for missing practices/games during a vacation period that is consistent with the regular season, except the athlete will be benched at the coach's discretion. Please read below for JV athletes during the season and during a vacation period.

Students who miss practices or games due to illegal absences will not be removed from teams. However, the following minimum consequences will apply to all illegal absences, during regular practice time:

(1) For every single contest missed, the athlete will be "benched" for 1 contest at the coach's discretion.

(2) For every two practices missed, the athlete will be "benched" for 1 contest at the coach's discretion.

The consequences for missed practices or contests will be the same for all athletes on any sport at any level (except for varsity athletes during a vacation period). After the consequences are served, the return of individual athletes to regular playing time or "starting time" will be left to the discretion of the individual coach.

Varsity Athlete Vacation Regulation (effective July 1, 2016)

~~The district will annually designate mandatory practice dates during each school vacation period ("designated practice days"). "School vacation period" is the time when school is not in session, i.e. December, February and spring break periods. The district will endeavor to schedule early practice on the day immediately prior to the start of a school vacation period and late practice on the first designated practice day during the school vacation period (also referred to in Board Policy No. 5285 as "family vacation period").~~

~~In the event that a student athlete fails to attend practice on a designated practice day, it will be considered an unauthorized absence.~~

~~Student athletes that do not attend a practice or contest on the designated practice days due to unauthorized absences will not be removed from a team; however, the following minimum* consequences will apply:~~

- ~~1. If a student athlete does not attend a practice or contest on the first designated practice day, he/she will be "benched" for at least two (2) regularly scheduled contests at the coach's discretion.~~
- ~~2. If a student athlete does not attend a practice or contest on the first and second designated practice days, he/she will be "benched" for at least four (4) regularly scheduled contests at the coach's discretion.~~
- ~~3. If a student athlete attends a practice or contest on the first designated practice day and does not attend a practice or contest on any subsequent designated practice days during the school vacation period, he/she will be "benched" for at least a minimum of one contest (next regularly scheduled contest) for each day missed at the coach's discretion.~~

~~*any discipline of an athlete exceeding the minimum consequence shall be determined by the Director of Athletics in consultation with the coach, administration and counselors. Athletes cannot "sit games" in anticipation of an absence later in the season.~~
